Memorandum

DATE:

May 8, 1989

TO:

Edie Hanisch, Toxic Substances Unit

FROM:

Shirli Axelro

SUBJECT: Attached Manifests

I am sending you the attached manifests to include the information in the 1989 Annual Report on PCBs removed from City Light's system, as required by the federal Toxic Substances Control Act.

These are the returned original manifests for solids containing low-level PCBs disposed of from fuel oil tanks removed from the Georgetown Steam Plant in March.

Copies for information purposes will also be kept in EAD's file and have been sent (with the copy of this memo) to Construction Engineering which inspected the tank removal work.

If there are any questions, call me at 4-3568. Thank you.

SA:aje
